Responses to Questions Asked

***All questions should be submitted and directed to Karen Flock at kflock@hacityventura.org in writing. Please check this document daily to ensure you receive all updated Q&As.**

- 1. Do you intend to certify this project through the Green Point Rated program or are you looking only to satisfy the basic TCAC Workbook documentation requirements (energy model, CUAC, Utility Incentive Program, and HERS Testing)?**

We intend to certify this project through the Green Point Rated program

- 2. I don't see that this scope of work and deliverables lists or describes GreenPoint Rated or other green building program consulting, admistration, or verifications. In addition to listed items 1-4, should I also include GreenPoint Rated or other green building program consulting, administration, and verification fees in our proposal?**

Yes, in addition to listed items 1-4, also include GreenPoint Rated program consulting, administration, and verification fees in your proposal.
